Freelance development of a landing page for the financial/commercial group 'Dolarizando-se'.

**Technologies:** Rust, Cargo, Yew (UI Framework), HTML, CSS, Git, GitHub.

aug. 2023 – dec. 2023 **Front/Backend Programmer, [UNICID](#) (academic):**

Development of web pages integrated with server capable of performing *CRUD operations*, handling errors and SQLInjections.

**Technologies:** PHP, MySQL, HTML, CSS, JS, PhpMyAdmin, XAMPP/WampServer.

oct. 2020 - ... **Customer Service, [Pg. Marisa](#) (freelancer):**

Service, value the health and safety of customers.

**Technologies:** -

## Education

---

[ feb. 2023 - ... ] [UNICID](#) + [UNICSUL](#) Computer Science

[ dec. 2023 – jan. 2024 ] [DIO](#) (bootcamp) Backend with Kotlin

[ feb. 2019 – dec. 2023 ] [ETEC Itaquera II](#) Edificações + Tecnologia (AutoCAD, Microsoft Word, Microsoft PowerPoint, Microsoft Excel)

## Skills

---

### Techniques:

- Object-oriented programming;
- Procedural programming;
- Git;
- GitHub;
- Linux;
- Vim
- Java
- C;
- Python;
- SQL;
- Bash;
- npm;
- PHP.

### Personal:

- Communicative;
- Analytic;
- Proactive;
- Resolver;
- Teamwork;
- Agile learning;
- Resilient;
- Flexible.

## About me

---

Currently studying *Computer Science* at [UNICSUL](#), already aware of broader concepts such as *data structure*, *algorithms*, OOP, many others, and with the intention of becoming a professional in *software engineering* or in a related area. After more than a year of searching, I luckily found this niche in which I identified myself and had the opportunity to create incredible tools to help people!

## Languages:

---

<b>Portuguese</b>	born and raised in Brazil. I use Portuguese as my native language.
-------------------	--

---

<b>English</b>	advanced knowledge in reading; intermediate knowledge in speech and writing.
----------------	--

---

<b>Spanish</b>	little knowledge in listening and speaking; No knowledge in writing and reading.
----------------	--

---
